

BONALDO

Cop

Designer: **Roberto Paoli**

In everyday life, tables are normally covered with various objects but the surface of the Cop tabletop, with its innovative table leg design, is like a stretch of water on which the objects are upturned to form its unusual base. Stylised elements inspired by bottles, precious chalices and champagne glasses, appear in various shapes and sizes and are immediately striking, even in their unusual position. The

top is a neutral element yet, at the same time, it is the dividing line of the world that it reflects. Flexible lines and careful formal research create a table intended to bring people and ideas together. The base of the Cop table is in painted metal, in a single colour or in burnished, matt brass or matt copper finishes. The fixed top is available in wood, ceramic or marble and can be round or with rounded edges.
