Design Imperfettolab

1999

Like a pebble emerging from the river, this seat gives the space that houses it the perfect harmony of its curves, of its smoothness and of the reflections that accompany its lines. It can be recreated in different shapes and finishes, working the fibreglass with art that imitates time and water flowing, shapes the elements and mutating them into something ever new and precious.

Ø1	cm 58x40xh54	black/white gold/chrome	fiberglass	
Ø2	cm 72x68xh46	black/white gold/chrome	fiberglass	
Ø3	cm 92x80xh52	black/white gold/chrome	fiberglass
