

# LED-Ginger

## Joan Gaspar

**marset**

The Ginger collection has moved outdoors, with a series of wall sconces, including a new 15 cm sconce – perfect for passageways and small outdoor areas – a lamppost, and small bollard lamps. The collection features new floor

lamps, raised by means of a post that can be buried in dirt or gravel, perfect for illuminating pathways, gardens, terraces, and walls, and blending nicely with vegetation.
